If you are an experienced vendor you understand the importance of location at an established festival. The vendor spaces for lease for the 2007 Covered Bridge Festival in Parke County are located in the very center of the Old Mansfield Village at the corner of South Mill Road and Bridge Streets.

South Mill Road is the main street of the hamlet and leads from the Mansfield Guest Inn at the South to the Historic Roller Mill at the North end. Halfway between are the properties described in this brochure and the Mansfield Covered Bridge which was built in 1867.

At the intersection of South Mill Road and Bridge street you may cross the covered bridge to the east to visit the hundreds of vendors on that side of the creek or you may venture to the west up Martin Street to visit a myriad of vendors.

Mansfield Restoration strives to provide convenient and clean facilities for the guests at the Covered Bridge Festival. We also provide seating for hundreds so that they may enjoy their food Creekside at the Big Raccoon. In addition, we provide seating for about 100 guests at our Big Raccoon Creek Landing. Restrooms are also provided at Creekside.
